

## Don Ferrante

Don Ferrante is a charming five stars boutique hotel with 17 elegantly furnished rooms, built right into Monopoli's ancient seafront ramparts in 2011. It is a labyrinthine hideaway, an elegant tangle of narrow staircases, pretty patios and vaulted limestone ceilings. The hotel is set on the sea walls next to the 16th century castle of Charles V in the heart of the city's historical centre, part of the coastal fortifications, once a small fortress, the hotel has restored the interior stone walls in a soothing palette of soft creams.
